Write-up on Information Recolection for the Epidemiological Library Project

Lilith Díaz (pinktaty)

May-June 2024

1   Introduction

The aim of this write-up is to explain all the technicalities of the project as well as how the tools were used for its development, this with the hope of making easier the path for other developers with similar ideas.

2   pdfplumber Library

3   ChatGPT API

4   Google Sheets' API (with the help of Drive's API)
